What is the Equality Internship Programme

Scottish Disability Equality Forum and Inclusion Scotland are working with SCVO (Scottish Council for Voluntary Organisations) to create and place internship opportunities within third sector organisations. This is a fantastic opportunity for you to apply the skills and learning you have and in turn benefit from the range of experiences available.

Support is available every step of the way from application guidance to job centre support and everything in between. We highly encourage you contact us to discuss what can be offered or how best we can help.
